- Reducing opioid prescribing in chronic pain

- You will now be taken to the e-Learning page

How to access PrescQIPP E-learning for Care Homes

Medicines use in care homes: course 1

Medicines use in care homes
Course 1

This course is for care home staff involved in any aspect of medicines use.

It covers: the role of CQC and the NICE Guideline and Quality Standards; the management of medicines in care homes; management of self-medicating residents; administration of inhalers; administration of eye drops; administration of transdermal patches; administration of topical products; and administration of 'when required' medicines.

Approx time to complete: 2.5 hours over the course.

Certificate requirements: Pass all module quizzes, complete case studies and 70% in final assessment.

Medicines use in care homes: course 2

Medicines use in care homes
Course 2

This is the second of our courses designed for care home staff involved in any aspect of medicines use.

It covers: Refused and omitted doses; Covert administration; Controlled drugs; Bulk prescribing; Homely remedies; and Waste medicines reduction.

Approx time to complete: 2.5 hours over the course of 6-12 months

Certificate requirements: Pass all module quizzes, complete case studies and 70% in final assessment.

Medicines use in care homes: course 3

Medicines use in care homes
Course 3

This course is designed for all care home staff involved in the administration of medicines. It covers the use of certain 'high risk' or specialist medicines that require specific consideration and/or administration techniques.

Approx time to complete: 2.5 hours over several sittings

Certificate requirements: Pass all module quizzes and 70% in final assessment.

We understand some users may need to complete this course on an annual basis. If this is the case, then please contact elearning@prescqipp.info and we can re-enrol you.
